

Family Pet Burial Services

Paws & Reflect
FURWELLS

Our Family Pet Burial Services provide a gentle and dignified farewell for your beloved companion. Our caring team will come to your home, lovingly prepare your pet for burial and provide a commemorative death certificate.

Where possible, the grave will be prepared in your own backyard or on private land (with the property owner's permission). Unfortunately, there are currently no dedicated pet cemeteries in Victoria.

Important information: Victorian law, overseen by the Department of Health and your local council, places restrictions on pet burials at home. In some cases, burial may not be permitted on your land due to environmental or regulatory requirements. We will guide you through these steps, check what applies in your area, and help ensure the process is handled with care and in line with current guidelines.

⚠ Health & Safety Notice

If your pet has been euthanised (e.g. with pentobarbital or other veterinary drugs) or has died from a contagious disease such as parvovirus, distemper, or leptospirosis, burial is not recommended due to risks to the environment, wildlife, and other animals.

In these cases, cremation is the recommended option. If burial is not suitable for your circumstances, we will respectfully collect your pet and provide After-Life Care and cremation in accordance with Department of Health and local council guidelines.

- **Collection & After-Life Care Direct Cremation Service — from \$330**

We provide all equipment and will prepare a grave appropriate to your pet's size. Your pet will be laid to rest in an eco-friendly shroud, or you may choose from our range of coffins and caskets.
